"As physicians, we have so many unknowns coming our way..."

One thing I am certain about is my malpractice protection."

Medicine is feeling the effects of regulatory and legislative changes, increasing risk, and profitability demands—all contributing to uncertainty and lack of control.

What we do control as physicians: *our choice of a liability partner.*

I selected ProAssurance because they stand behind my good medicine. In spite of the maelstrom, I am protected, respected, and heard.

I believe in fair treatment—and I get it.
